CONDITIONS OF SALE

The sale is conducted under the GENERAL CONDITIONS OF SALE which are exhibited in the mart, with the following Special Conditions, approved by the Council of The Belted Galloway Cattle Society, only for cattle registered by The Belted Galloway Society. Any disputes arising shall be solely the responsibility of vendor and purchaser. The Belted Galloway Society shall not be responsible in any form.

1. All animals entered for the Sale must be pedigreed and registered or accepted for registration by the Belted Galloway Cattle Society. The pedigree certificate to be used as entry form for the sale, Photostat copies will not be accepted. Entries "pedigreed – particulars at Sale" will not be accepted. Only Members of the Belted Galloway Cattle Society may sell cattle at sales held under the auspices of the Society. Animals registered in the Appendix register will be eligible to be sold at the end of the sale.
2. All animals entered for sale should be bona fide property of the vendor and must be bona fide exposed for sale at the sale. Animals not bred by the exhibitor must be registered in their name with the Society. No substitutions of animals entered in the Catalogue will be permitted. All animals winning prizes at any show held before the sale must be sold at the sale, or any prize money will be forfeited.
3. Immediately after the purchase is declared the risk of the animal shall be exclusively with the Purchaser.
4. a. All Bulls offered for Sale are sold with an implied Warranty that they are capable of getting stock by natural service.
b. This Warranty shall not apply
 - i. To bulls purchased for export unless fertility is proved as hereinafter provided before embarkation.
 - ii. In the event of infertility being the direct result of injury, accident or illness happening after the date of the Sale.
 - iii. To bulls under the age of 9 months.
5. This warranty is subject to the following conditions.
 - i. The bull shall be tried within two calendar months of the date of the Sale or within two calendar months attaining the age of twelve months.
 - ii. The Purchaser shall give notice in writing to the Auctioneers and to the Vendor of infertility or suspected infertility within three calendar months of the date of the Sale or of the bull attaining the age of twelve months. And the Purchaser shall obtain a certificate from a Veterinary Surgeon declaring that the bull is ineffective at service at stating the reasons for such declaration. The Veterinary surgeon shall also certify that the infertility is not the result of injury, accident or illness after the date of the Sale, that he has examined the cows and heifers of the Purchaser and has found them in normal breeding condition, and that they are not responsible for the bull's infertility.
 - iii. The Purchaser shall give the bull every opportunity of proving itself a stock getter throughout the guarantee period, and shall, if required, allow a Veterinary Surgeon to examine the bull on the Vendors behalf, and in addition shall if required, allow the Vendor to remove the bull in order to prove the bull a stock getter, such proof to be the decision (which shall be binding on the parties) of a Veterinary Surgeon to be mutual agreed upon by both Vendor and Purchaser or in default of agreement to be appointed by the Auctioneers.
 - iv. In the event of it being proved that the bull is incapable of getting stock by natural service the Vendor shall be bound a the expiry of the guarantee period to:-
 - a. Be bound to accept the return of the Bull.
 - b. Pay to the purchaser
 - i. The purchase money or such part of it as he had paid.
 - ii. The expense of transport of the Bull to and from the Purchasers premises.
 - iii. Keep as recommended in condition 11.
 - iv. The expenses of the Purchasers Veterinary Surgeon.

But the purchaser shall have no right to claim damages from the vendor in respect of any indirect or consequential loss such as (but not limited to) loss of profit or any other loss whatsoever.

6. Unless otherwise stated at time of sale any cow or heifer described in the catalogue as being in calf, due to calve or calving, fail to be in calf, the vendor shall be bound to accept intimation of the complaint has been made in writing to the Auctioneers within 28 days from the date of purchase. The Vendor shall be liable to the Purchaser for keep (see conditions 11) and transport.
 - a. Any pedigree female sold at this sale as a maiden heifer is warranted by the vendor that it shall be fertile up to the age of twenty eight months, which warranty shall be deemed to be fulfilled as soon as such animal is certified by a Veterinary Surgeon to be not less than twelve weeks pregnant provided always that no claim under this warranty shall be admitted before the animal reaches the age of twenty four months.

If such animal fails to get in-calf then the purchaser must obtain a Veterinary Surgeons Certificate stating that the animal is suffering from an abnormality or malfunction of the reproductive system which will permanently prevent fertility. In any case such as this the animal will be

 - I. Sold by the purchaser with the vendor making up the difference between the purchase price and the sale price.
 - II. The Vendor has the option to request to take the heifer back, with the usual conditions for keep and haulage applying.
7. Heifers described in the catalogue as bulling and/or under the age of 18 months at the date of sale are warranted free of the bull, and any such heifer proving in calf, and providing that intimation of the complaint has been made in writing to the Auctioneer within six calendar months of the date of Sale, the Purchaser may return the heifer to the Vendor and the Vendor shall be required to accept the return of such animal and to refund to the Purchaser and the purchase price paid and shall be liable for keep (see condition 10) and transport.
8. Tests: All animals sold for export will be sold subject to having passed or passing all tests required for entry into the country to which they are being exported. If the vendor is not willing to comply with this condition he must intimate to the Auctioneers in writing at the time of entry that this is the case. Should any animals be purchased for export the purchaser must notify the seller and the Auctioneers on the day of the sale.
9. The declaration of the Vendors Veterinary Surgeon that the animal has been tested and the result of such test shall be final and binding on both Vendor and Purchaser.
 - a. If the animal be so declared to have failed any of the tests, the vendor shall be bound to accept the return of the animal and to refund the Purchaser the price paid, the risk of the animal shall be transferred to the Vendor from the date of the declaration of the chosen Veterinary Surgeon that the animal has failed any of the tests. Details of regulations currently applicable for exporting cattle to individual countries may be obtained from the Ministry of Agriculture and Fisheries.
 - b. The expense of such test shall be borne by the Purchaser (see condition 15) and transport.
10. Keep: Will be under General Condition of Sale of Wallets Marts Castle Douglas Limited.
11. Where animals are sold for export and are kept by the vendor until shipping space is available in the absence of written agreement to the contrary, the Vendor shall keep the animal free for six weeks from the date of the sale and thereafter shall be entitled to the cost of keep in accordance with the Conditions 10.
12. The particulars shown in the catalogue are furnished by the Vendor and are believed to be correct, but the Auctioneer accepts no responsibility for any mistake or error therein. Vendors must intimate before or at any time of the sale any mistake or misprint in their entry.
13. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale, or to forward to its destination, shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.
14. The Auctioneer is appointed judge of the Sale, with powers to the said Auctioneer to appoint an Arbiter, to whom are hereby submitted all disputes and differences of any kind which may arise

from the Auction either between Exposers and Offerers, or among Offerers themselves. And his decision is final and binding in all parties, and all actions at law in relation thereto are excluded.

15. The Commission charged by the Auctioneers on the Sale of all pedigree Belted Galloway's shall be 6p in the guinea. There will be a Sale Entry fee of £50 per head including VAT. A refund of £35 inclusive of VAT shall be returned to the vendor on presentation of the animal for sale, a Vets Certificate or at the discretion of Council if the animal is not forward. The Auctioneers shall deduct the Export Certificate Fee for all cattle sold for export.

At sales held under the auspices of the Belted Galloway Cattle Society, no animals shall be entered as sold through the ring unless it is forward on the day of the sale and sold on that day. All other transactions shall be treated as private sales.

16. All Female animals will be inspected prior to the sale and any found not to conform to the standards laid down by the Society will be re-classified and sold in the appropriate section of the sale.

THESE AFOREMENTIONED CONDITIONS OF SALE ARE ONLY FOR CATTLE REGISTERED BY THE BELTED GALLOWAY CATTLE SOCIETY.

**WALLETS MARTS CASTLE DOUGLAS LTD, Auctioneers
R B ANDERSON, F.I.A.Scot (Est.) Managing Director.**

EXPORT REQUIREMENTS - NOTE TO ALL VENDORS

It is pleasing to note that at recent sales buyers from Ireland and Germany have been purchasing animals to export. We now highlight the main criteria currently required to export animals. Whilst Irish buyers are required to make their own arrangements for keeping animals prior to export, animals purchased for Germany require to be taken back home by the vendors and tested by them. German purchasers will be charged £300 + VAT (including keep) to assist with the vendors expenses. This will be passed to the vendor once the animal has passed the relevant tests. The rules are as follows:-

- All animals (if older than 42 days) must be TB tested within 30 days of exporting.
- Cattle destined for Germany must, in addition, be isolated for at least 30 days and tested clear of IBR.
- Animals will require veterinary inspection 24 hours before travelling.
- Animals may need to be treated with 'spot-on' before travelling; some Lorries may need to be treated prior to loading.
